

## 2001 Small Business Profile: NORTH DAKOTA

That the small business sector is as an economic engine indispensable to North Dakota's well being is apparent in the *2001 Small Business Profile*, compiled by the U.S. Small Business Administration's Office of Advocacy. The results in this report show that small businesses are job generators and innovators, and that they represent an array of opportunities to the diverse spectrum of individuals in their communities.

**Number of Businesses.** In 2000, the number of employer businesses decreased by 0.1 percent, and it is estimated that the number of self-employed individuals decreased by 9.6 percent. There were 18,637 employer businesses, and nearly 97.0 percent were small (with fewer than 500 employees) in 2000. Self-employed persons were estimated at 41,594 in 2000. (Sources: U.S. Dept. of Labor, Employment and Training Administration; U.S. Dept. of Commerce, Bureau of the Census; U.S. Dept. of Labor, Bureau of Labor Statistics)

**Women-Owned Businesses.** Women-owned businesses generated \$1.2 billion in revenues, employed 13,482 workers, and constituted 12,400 firms or 22.5 percent of all firms in 1997. The data on women-owned firms are not comparable between 1992 and 1997. (Sources: U.S. Dept. of Labor, Bureau of Labor Statistics, U.S. Dept. of Commerce, Bureau of the Census)

**Minority-Owned Businesses.** According to the latest (1997) Census data, a total of 1,500 minority-owned businesses represented 2.7 percent of the businesses in the state and generated \$0.2 billion in revenues. Of these, 300 were employer businesses employing a total of 2,743 workers. There were 400 Hispanic-owned firms; 100 Black-owned businesses; 300 Asian and Pacific Islander-owned firms; and 800 American Indian and Alaskan Native-owned businesses in 1997. (The data on minority-owned firms are not comparable between 1992 and 1997.) Data may not sum to the total because an owner may be a member of more than one minority group. (Source: U.S. Dept. of Commerce, Bureau of the Census)

**Business Turnover.** There were 3.7 percent or 1,493 fewer new employer firms in 2000 than in 1999. Business bankruptcies totaled 92 in 2000, a decrease of 8.0 percent since 1999, while business terminations amounted to 2,191, a decrease of 0.9 percent from 1999. (Sources: U.S. Dept. of Labor, Employment and Training Administration; Administrative Office of the U.S. Courts; U.S. Dept. of Commerce, Bureau of the Census)

**Employment.** Small business employment represented 65.5 percent of the state's total employment and firms numbered 16,888 in 1998. Small businesses employed 163,339 of the state's 249,476 total non-farm private sector workers (Table 1). (Source: U.S. Dept. of Commerce, Bureau of the Census, Statistics of U.S. Businesses)

**Small Business Income.** The non-farm proprietors' share of small business income totaled \$1.1 billion—an increase of 6.3 percent from \$1.1 billion in 1999. (Source: U.S. Dept. of Commerce)

**Finance.** Small businesses often rely upon local bank services, and the number of banks within the state has decreased over the last five years. The Office of Advocacy has published banking studies identifying banks within the state that are small-business-friendly. (See Table 2 for the number of banks by asset size.) Small businesses seeking loans should also consider lenders that participate in the SBA's preferred or certified loan programs; for a list of these lenders, call the Small Business Answer Desk at (800) 827-5722.
